

FlexPrint Exhibits at HIMSS17 and CHIME CIO Forum in Orlando, Florida

Nation's Largest Managed Print Services Provider to Share Best-Practices in Print Output Management for Healthcare Enterprises

PHOENIX, AZ (February 17, 2017) – FlexPrint, the nation's largest privately held Managed Print Solutions provider, will be participating in the 2017 HIMSS Annual Conference & Exhibition on February 19–23, 2017 in Orlando, Florida. This event is the largest and most important healthcare IT conference in the United States, bringing together 40,000+ health IT professionals, clinicians, executives and partners from around the world. Exceptional education, world-class speakers, cutting-edge health IT products and powerful networking are hallmarks of this industry-leading conference.

Healthcare CIOs are continually faced with pressures to drive change, implement new technologies that improve patient care, and ensure security with good governance with tightened budgets and IT talent shortages. It's more important than ever to find great partners that can be relied on to overcome these challenges. FlexPrint's Healthcare team will be available for one-on-one sessions on the Show Floor at Booth 1089 throughout the conference. They will also be in attendance at the 2017 CHIME-HIMSS CIO Forum being held at the Hyatt Regency Orlando just prior to 2017 HIMSS Annual Conference.

About FlexPrint Managed Print Solutions

FlexPrint was founded in 2005, and has become the nation's leading privately-owned enterprise for Managed Print and Technology Services. FlexPrint's managed solutions and expertise streamlines business workflow for corporate, regional, and remote locations under a single national service level agreement. This blend of consultative service and solutions encourages client growth through consistent workflow with proactive customer service, a boost in employee efficiency, and driving costs out of business operations.
